UNEARTH YOUR FUTURE

a local partnership of community, industry and schools working together to create careers experience within the resources industry.

INFORMATION 2009

“Unearth your Future” has created a program for 20 students in Years 10, 11 or 12 to witness first hand careers in South Australia’s Mining, Energy and Exploration sectors, see what it’s like to study at University and talk to young people working in the exciting careers. These organisations will offer future mentoring, pathway planning and support for students who show interest in the Resources Industry and related careers.

This year the program will offer 2days of activities in and around Adelaide only.

All students will be asked to deliver a presentation about their experiences to the school

Pre-requisites: The desire to investigate careers in the Resources Industry

Cost: There will be no cost

Application: Application forms are available on the Youth JET website.

www.youthjet.com.au

Application forms must be returned by **August 28th**, students will then be selected on the basis of their application and recommendation from the school. Successful applicants will be notified by Monday August 31st
